

L805 40° Inclined bench

- **Injected core fireproof seat.** Unlike the classic foam padded particle boards, the injected core offers the advantage of uniformity, anti-distortion and greater anti-bacterial protection.
- **Resistance adapted to all the strength** moments developed throughout the whole movement.
- **Setting elements are bright contrasting yellow.** They provide a quick and easy visual identification of the selectors to be adjusted by any user, without help from the coach.
- **Dobule adjustment for the lenght of the legs and the training angle.** Makes possible the adaptation of the bench to all kind of users and a more varied exercise.
- **Structure raised 50mm above floor level with rubber tipped feet.** This provides access for cleaning and vacuuming without scratching the paint.
- **Designed for optimum exercise biomechanics.** Guarantee smooth, natural movements for full muscle concentration.
- **Three layer coating.** Enhanced by an initial anti-corrosion primer, followed by an eposxy powder layer and a lacquer or barnish.
- **Round edges with elliptical section in order to avoid cuts and knocks.**
- **Structure, loads and fatigue resistance according to the TÜV standard.**
- **Double side grip.** As support and fixing point for the user. It helps to fix and ensure the correct posture during exercise
- **Reinforced frame,** for more security and protection.
- **Guarantees free, stable and natural guided movements.**
- **4 mm thick ST-37.. High durability.**
