FEATURES

The Gymost 6840EA is a professional gym treadmill with a solid frame made of high-quality materials. Its performance is ensured by a 4.0 horsepower AC motor, which can reach up to 22 km/h, and its incline can be set between 0-15%. Its running surface is 3260 x 560 mm, so even taller users can choose it with ease, and thanks to the 6-point joint protecting system, it provides a comfortable workout for everyone, which can be a big advantage over outdoor running.
